Subject: RE: [Non-DoD Source] Monitoring Well Access Request for CSIA

Hi Doug,
Thanks for the follow up. MWD will be responding directly to the Navy and NG by letter. We are just waiting for our lab to address some of the technical questions. I do suggest including the topic as a discussion item on the agenda. Also you may want to list the DEC HDR report too. Thank you.

Stan Carey, Superintendent
Massapequa Water District

Subject: FW: [Non-DoD Source] Monitoring Well Access Request for CSIA

Hi Stan

Happy New Year

It seems as though we should put the additional sampling on the agenda for the next meeting.

Would you want to present more details about your sampling/analysis/data use plans and/or provide some other discussion points to respond to concerns raised by NG and Navy?

If you don't want to have a presentation or handout, another idea might be to just put this down as a topic of discussion with MWD, Navy, and NG as lead on discussion.

Let me know what you might want to do.

Thanks

Doug

Mr. Carey,
Attached is the Navy's response to your letter of November 4, 2015. A hard copy of the letter will be sent to you.

I hope you have a Happy Holiday.

Ms. Fly, Mr. Hannon:

Attached please find a letter requesting permission for access to various monitoring wells associated with the Bethpage Plume. It is noted that both the Navy and Northrop Grumman asked for this in writing at the meeting held on October 29th, 2015 at the USEPA offices in NYC. A hard copy has also been mailed. Thank you.

Stan Carey, Superintendent

Massapequa Water District
